"Product Design Critique"
Western Gear Corporation
Purchase Order No. 58668

Gentlemen:

This Final Letter Report serves to document that the Georgia Tech Research Institute (GTRI) has completed its contractual obligations to Western Gear Corporation (WGC) by authority of the referenced Purchase Order. The technical effort required under the Purchase Order was carried out by Eugene F. Knott, an employee of GTRI.

Mr. Knott traveled to Jamestown, North Dakota to assist in the Product Design Critique on two different occasions. During the first trip, he spent 1 May through 3 May at WGC's facility and performed the following tasks:

1. Reviewed product design.
2. Conducted analysis of probable product performance.
3. Examined test fixture.
4. Submitted recommendations for improvement.

During the second trip, he spent 15 through 17 May at WGC's facility and performed the following tasks:

1. Reviewed test data.
2. Assisted WGC in preparation of proposal.

Having fulfilled these contractual requirements, GTRI will initiate close-out of the contract.

Respectfully submitted,

Eugene F. Knott
Project Director
